NOTICE TO STATUTORY PARTIES
PURSUANT TO 30 V.S.A. SECTION 248(j)
PSB Docket No. 7530

You are hereby notified that Entergy Nuclear Vermont Yankee, LLC ("Entergy") has filed a petition with the Vermont Public Service Board ("Board") for a certificate of public good ("CPG") to locate a new perimeter fence at the Vermont Yankee Nuclear Power Station, located in Vernon, Vermont.

The proposed new fence would be installed on the west side of the existing Owner Controlled Area fence and would run in a north-south direction for approximately 1,500 feet. The new fence would be a "fixedknot" galvanized farm fence or equivalent, approximately 75 inches tall, and portions of the fence may be a typical chain-link style fence in order to facilitate access and egress gates. More detailed information is available in Entergy's petition, copies of which are available for review at the Public Service Board's offices at the above address, and at the Vernon Town Clerk's office, located at 567 Governor Hunt Road in Vernon, Vermont.

The Public Service Board will conduct a **public hearing on** the petition on **Monday, July 13, 2009, at 7:00 P.M., at the Vernon Elementary School Cafeteria**, located at 381 Governor Hunt Road in Vernon, Vermont.

Persons wishing to submit comments as to whether the petition raises a significant issue with respect to the substantive criteria of 30 V.S.A. Section 248 **must file their comments with the Board on or before July 24, 2009.**
